

Dmitriy Khrypko

Senior Product UX/UI Designer

Testimonial

“ The Insight product and the broader TVEyes team have greatly benefited from your hard work and vision. It wouldn't be what it is today without your contribution. I truly appreciate the energy and dedication you bring to the team. ”

Dave Seltzer,
CTO @ TVEyes

Professional Summary

Senior Product UX/UI Designer with 10 years of experience designing complex, data-driven SaaS platforms, end-to-end digital products, from discovery and research to high-fidelity design, developer handoff, and scalable design systems. For the past three years, I worked on TVEyes, a powerful media monitoring platform, leading the integration of 7 AI-driven features. My recent work on TVEyes Insight contributed to earning 18 G2 badges, including top honors for Usability. Based in Spain and registered as a self-employed professional, I provide remote services globally with no U.S. visa or work authorization required.

Experience

Jul 2021 - present Remote

Product UX/UI designer
Agile Design Studio

- With over 5 years of experience, I have contributed to the design and development of well-known SaaS products, including TVEyes, ToolsGroup, and Zoho, as well as other high-impact digital products.
